- English
- Tamil
- Malayalam

Professional Summary

Front Developer with around 2.5 years of experience at Thisai Technologies Pvt. Ltd., specializing in building scalable web applications and e-commerce platforms using React.js, Django, Node.js, and MySQL. Skilled in both frontend and backend development, API integration, and responsive design. Completed a 3-month internship at Sandra Consultancy Service in SQL & PL/SQL with expertise in DDL/DML operations, joins, and subqueries.

Professional Experience

Full-Stack Developer
ThisAI Technologies Private Limited
Feb 2023 – Jun 2025 (2.4 Years)

- Developed 10+ responsive static websites using HTML, CSS, JavaScript, ensuring cross-browser compatibility.
- Built and deployed React.js applications using useState, useEffect, map, filter, reduce, and React Router DOM for seamless navigation.
- Implemented UI designs with Material UI and Bootstrap for professional and user-friendly layouts.
- Hosted and managed React applications on Hostinger with live domain setup.
- Contributed to a full-stack Django e-commerce project (J Enterpership) by:
  - Creating cart and favorite modules with Django models and MySQL.
  - Developing a custom login system with authentication.
  - Managing data in Django Admin and implementing business logic via function-based views.
- Mentored junior developers on GitHub workflows, React best practices, and deployment processes.

Database Internship
Sandra Consultancy Service (Nov 2022 – Jan 2023)

- Worked on SQL & PL/SQL database operations, including DDL/DML commands, joins, and subqueries for data management and reporting.

Project

- Time Pre-School Website – Responsive design with modern UI and optimized load times.
- Wins Furniture E-Commerce Site – Product listing, cart, and checkout features.
- Portfolio Dashboard – Personal branding and interactive project showcase.
- Static React App – Demonstration of reusable components and routing.
